**PETITION TO REVIVE UNINTENTIONALLY ABANDONED APPLICATION
UNDER THE PROVISIONS OF 37 C.F.R. 1.137(b)**

Mail Stop PETITION
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicant's attorney respectfully petitions the Commissioner for Patents to revive the above-identified application under the provisions of 37 C.F.R. 1.137(b) on the ground that the delay was unintentional. This petition is supported by the following affidavit.

The application was abandoned on October 5, 2004, due to failure to respond to the Second Restriction Requirement on the part of the undersigned and his secretary. The Office Action dated December 5, 2003, was never received by the undersigned as the correspondence was sent to an incorrect address. Moreover, despite having filed a change of address form on June 28, 2004, the Notice of Abandonment was not directed to the proper address either. Therefore, we had no notice that the application had gone abandoned. Once we learned of the abandonment on or about October 19, 2004, the undersigned promptly prepared this Petition to Revive, as well as, the enclosed Affidavit.

It is submitted, therefore, that, on the basis described above, the abandonment should be held to be inadvertent, the delay should be held to be unintentional, the enclosed Response to Restriction Requirement should be entered and the case revived.

The Commissioner is hereby authorized to charge the petition fee in the sum required under 37 C.F.R. 1.17(m) in the amount of \$1,370 is enclosed herewith. The Commissioner is hereby authorized to charge the following additional fees by this paper and during the entire pendency of this application to Account No. 501210.

Respectfully submitted,

DECLARATION OF DERON A. COOK

Commissioner for Patents

P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

I, Deron A. Cook, declare as follows:

1. I am a registered patent attorney, Registration No. 52,767.
2. I am an associate in the firm of Brouse McDowell, 388 S. Main Street, Akron, OH 44311-4407.
3. I am presently responsible for the prosecution of the above-identified United States Patent Application.
4. On or about October 19, 2004, our office in response to an inquiry by my colleague, Tim Smith, received notice from Examiner Kathryn O'Malley that the above-referenced application had gone abandoned.
5. In specific response to Mr. Smith's inquiry, Ms. O'Malley forwarded to us a Notice of Abandonment dated approximately October 1, 2004, and an Office Action Summary dated December 2, 2003.
6. The Office Action was a Second Restriction Requirement and provided a one month statutory period to reply.
7. The Office Action was addressed to Thomas Lewandowski at One Cascade Plaza, Akron, OH 44308.
8. Mr. Lewandowski has not been associated with the firm Brouse McDowell or the precursor intellectual property firm of Emerson & Skeriotis for several years and Brouse McDowell has not been located at One Cascade Plaza for approximately two years.
9. On or about June 28, 2004, we sent the United States Patent and Trademark Office a change of request form for this file (See Exhibit A hereto).

10. It appears that the change of address was either never received, or was not recorded.

11. As a result, while the change of address was not submitted soon enough for the Office Action to have been properly directed, it was submitted soon enough for the Notice of Abandonment to have been properly directed.

12. Because the Office Action was sent to One Cascade Plaza address, we had no notice of it. Accordingly, we did not respond to the Office Action in the shortened statutory period.

13. Moreover, the Notice of Abandonment was sent to the same One Cascade Plaza address and was not received by our office despite having filed a timely change of address.

14. With this Petition to Revive, we are submitting the appropriate Change of Address form. Therefore, we do not expect that this error will be made again in the future.

15. I further declare that the statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 in the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing therefrom.

Respectfully submitted,
